

Menu Page

These will be buttons to different pages e.g. budget, details, wallet, accounts, ect

Every page will have a back button

This will be the layout for my menu page. It will follow the green theme.

Page 1 Plan your budget

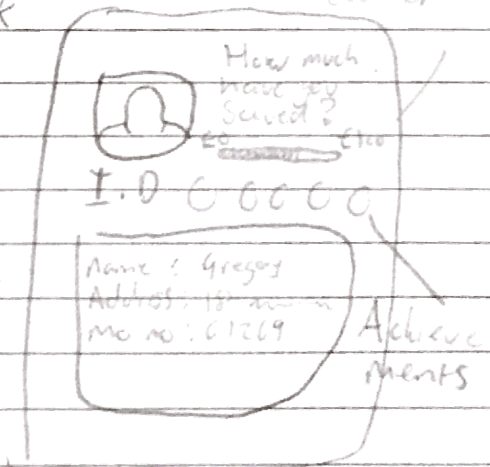

Notification bar

per day + Per week

Calendar and how much money you can spend per day or week

Page 2

A Savings Center

How much have you saved?

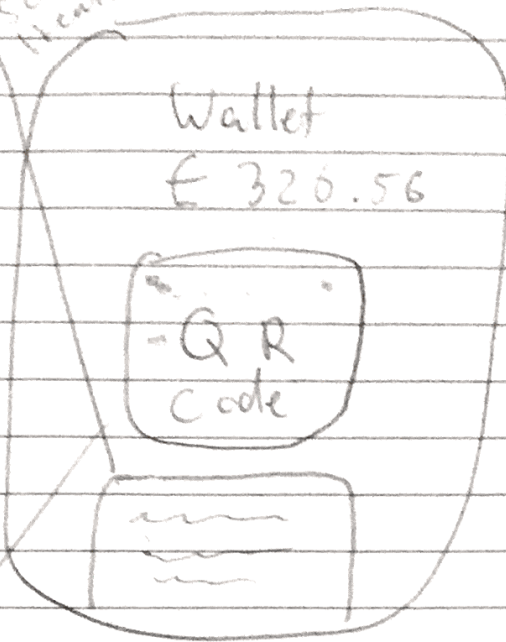

I.D 00000

Name: Gregory
Address: 1st main
mo no: 01269

Achievements

Wishes
Scanned
Items

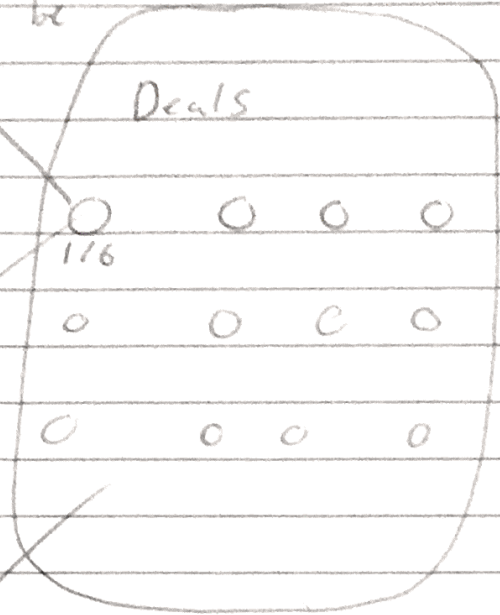

Page 3

All can be clicked

Page 4

Free
Coffee Deal

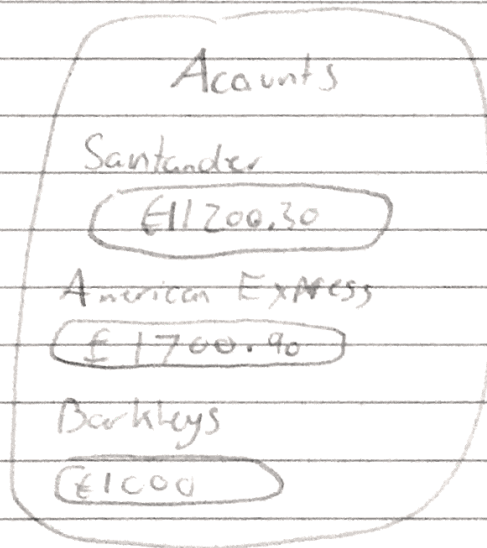

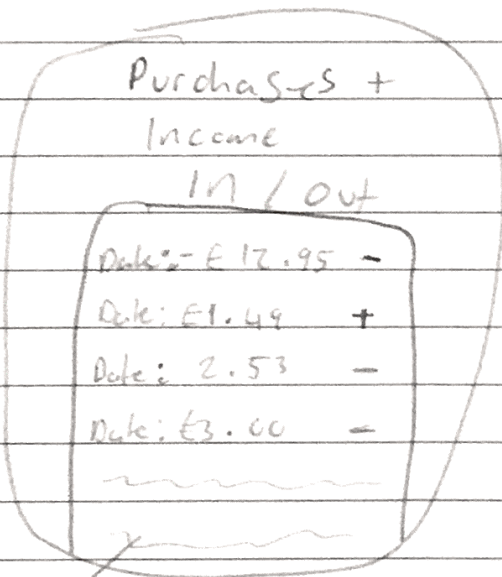

Scannable + works like apple pay + Contactless

The achievements will be automatically updated when the user uses budget to pay for something

Page 5

Page 6

The purchase + income shall show when + where they bought something.

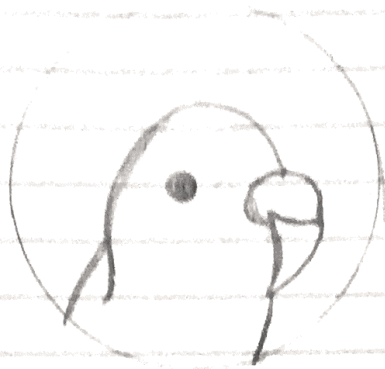

each will have individual bank account details.

Digital Media Scope

"Budgie"

My idea will be a budgeting application called Budgie and the mascot will be a green Budgie.

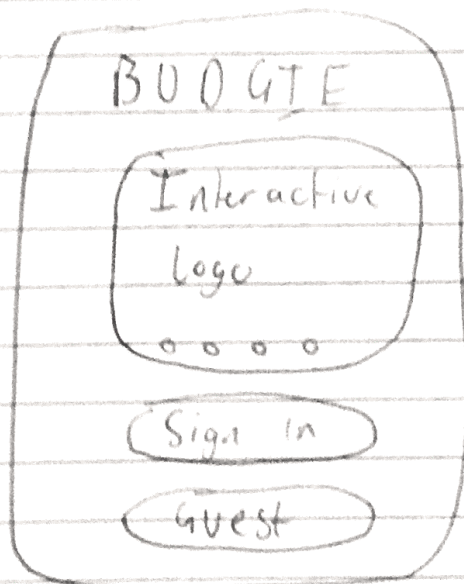

Logo Design Ideas

BUDGIE

I was thinking of having the colours 2 shades of green to symbolise money and wealth. Maybe a darker green for the background and a lighter green for the strokes.
